

NorthEast Chiropractic Council

Advancing the profession through mutual respect, communications, and leadership development.

January 26th, 2017

Dear Friends and Colleagues

It is my privilege to provide you with information about the NorthEast Chiropractic Council's Leadership Grant Program.

As you know the NorthEast Chiropractic Council (N.E.C.C.) is funded through your organizations' support and it is our intention to demonstrate our activities are worthy of your generosity. To that end, the N.E.C.C. Leadership Grant Program was established to provide resources that can be used by your organization to fund tuition and travel expenses to a leadership conference of your choice. The attached brochure will provide you with the details of the program and how you can apply.

The N.E.C.C created this program with one mission in mind:

"...to address the profession's common challenges through mutual respect, communications, and leadership development", and we encourage you to take advantage of this important leadership development grant.

If you have any questions about this grant please feel free to call me directly at 1800 434-3955 ext. 3550.

Yours in Chiropractic

Thomas R. Ventimiglia, DC, FACC

President,

NorthEast Chiropractic Council
